APPLICATION

Directions for use:

1. For initial application spray sparingly on surface to be cleaned, working from top to bottom.
2. Spray surface until thoroughly wet, and allow to penetrate for 5 minutes before wiping with wet cloth or sponge.
3. To remove tough mildew stains use a brush. Severe stains may need two cleanings. This product may not be able to remove mildew stains inbedded in hard water deposits, old grout, or silicone caulking.
4. To prevent mildew stains, a spray mist application every 1 to 2 months without scrubbing or rinsing will build up an invisible shield to protect surface.

CAUTION

Eye and skin irritant. In case of contact with eyes or skin, flush with water for 15 minutes. If irritation persists, seek medical attention. If swallowed, take large amounts of water. Do not induce vomiting. Get medical attention.
Material Safety Data Sheet available.

DO NOT MIX THIS PRODUCT WITH ANY OTHER CHEMICALS.

KEEP OUT OF REACH OF CHILDREN.
