

PRO WHITE

Always check and read carefully the Material Safety Data Sheet before use.

USE: APW Pro White-500P is a completely biodegradable water-based parts washer detergent. This solvent free parts washer detergent is non-foaming, fast acting, has no chelating agents. 500P contains an exclusive corrosion inhibitor package which prevents flash rusting, even helps prevent darkening of brass parts. This parts washer detergent is recommended in cleaning metals, paints, plastics, stainless steel, brass and aluminum. Safe to use on food surfaces, make sure you rinse parts thoroughly with cool water. Protects your parts washer and parts from harmful damage. Soft water is preferred if available. 500P contains Sodium Metasilicate, Ethylene Glycol Monobutyl Ether, d-Limonene and Ethoxylated Alcohol .

ENVIRONMENTALLY FRIENDLY !!

EYE CONTACT: Allow streaming water to flow over the face while blinking both eyes for optimum irrigation for 15 minutes. Get medical attention immediately.

SKIN CONTACT: Wash thoroughly with water, get medical assistance if irritation persists.

INTERNAL: Do NOT induce vomiting, drink water. Get medical attention immediately.

CAUTION: Use in a well ventilated area. Can be an irritant to skin and can cause eye burns. If swallowed APW Pro White-500P can be harmful.

DIRECTIONS:

Heavy: 1 LB. 500P in 4-gallons water.

Medium: 1 LB. 500P in 8-gallons water.

Light: 1 LB. 500P in 16-gallons water.

Works best if used in temperatures of 140-180 degrees Fahrenheit. For stubborn soils you may need to increase the amount of APW Pro White 500P.

VOC Content: 2 grams per liter
